

Re: Appeal of Claim Decision -- Claim Number MAI-2026-0417-CA

Dear Claims Appeals Department,

I am writing to appeal Meridian Auto Insurance Co.'s decision dated 2026-08-20 on the above claim, which assigned me 50% comparative negligence for the collision on 2026-08-01.

This finding directly contradicts police report PR-58821-2026, in which the responding officer found the other driver 100% at fault. I am enclosing a copy of that report and ask that the liability determination be reversed accordingly.

Separately, the claim decision valued my vehicle's repair at \$4,150.00. An independent estimate from Sunrise Collision Center, written estimate dated 2026-02-20 puts the actual repair cost at \$6,830.00. I am enclosing that estimate and ask that the claim be reprocessed at the correct amount.

Because the comparative-negligence finding is unsupported by the police report, I also ask that the denied rental reimbursement be reconsidered and approved.

Please reverse the liability determination, reprocess the claim using the independent repair estimate, and reconsider the rental reimbursement under Policy Section 4.2. I look forward to your response before the appeal deadline.

Sincerely,

Jordan A. Rivera

RE: Claim Decision -- Claim Number MAI-2026-0417-CA
Policy Number: POL-9284617
Date of Loss: August 1, 2026

Dear Mr. Rivera,

This letter confirms the outcome of our review of your automobile insurance claim arising from the collision on August 1, 2026 involving your 2021 Honda Accord.

LIABILITY DETERMINATION

Based on our adjuster's review, Meridian Auto Insurance has determined that you bear 50% comparative negligence for this collision, on the basis that your vehicle's brake lights were reportedly not clearly visible to the following driver. This finding was made by claims adjuster Casey Nguyen on August 20, 2026.

DAMAGE ASSESSMENT

Our appraisal estimates the cost to repair your vehicle at \$4,150.00. This amount reflects a 50% reduction applied under the comparative-negligence finding above, and is subject to your \$500 collision deductible under Policy Section 4.2.

RENTAL REIMBURSEMENT

Your request for rental vehicle reimbursement is denied. Rental coverage is not available where comparative negligence has been assigned to the policyholder under the terms of your policy.

YOUR RIGHT TO APPEAL

If you disagree with this determination, you may submit a written appeal with supporting documentation no later than January 15, 2027. Please reference Claim Number MAI-2026-0417-CA in any correspondence.

Sincerely,

Casey Nguyen
